

Billing, Payments and Refunds

Which payment methods are accepted?

Blog2Social uses PayPro Global as its authorized payment provider to ensure secure and reliable payment processing. The available payment methods can vary depending on the product, country, and checkout configuration. During checkout, you will always see the payment options that are currently available for your purchase.

Commonly available payment methods

PayPal

Credit & Debit Cards

- Visa
- MasterCard
- American Express
- Other major international credit or debit cards

Additional payment methods

- Wire transfer
- Purchase order

These methods require manual processing and may take longer to complete.

Important notes

- The payment methods shown at checkout are the ones available for your specific order.
- All payments are processed securely by PayPro Global.

If your preferred payment method is not available at checkout, please choose an alternative option or contact PayPro Global support team.
