

# Billing, Payments and Refunds

## Who is PayPro Global?

PayPro Global is the authorized payment provider and merchant of record for Blog2Social. This means that PayPro Global is responsible for handling all payment-related and billing processes for Blog2Social purchases, including:

- secure payment processing
- subscription management and renewals
- invoice creation and delivery
- tax calculation (VAT, reverse charge, local taxes)
- compliance with international tax and payment regulations

Because PayPro Global acts as the merchant of record, PayPro Global appears on your invoices, payment confirmations, and bank or credit card statements, even though you are using Blog2Social as the product.

## Why does Blog2Social use PayPro Global?

Blog2Social uses PayPro Global to ensure:

- secure and compliant payment processing worldwide
- correct handling of VAT, reverse charge, and local tax regulations
- support for multiple currencies and payment regionsreliable subscription and renewal management

This setup allows Blog2Social to focus on product development and customer support, while PayPro Global manages all billing and payment-related operations professionally and securely.

## What can I manage in my PayPro Global account?

Your PayPro Global customer account gives you access to all billing-related information for your Blog2Social subscription, including:

- active subscriptions and billing periods
- invoices and payment history
- payment methods (credit cards)
- billing details such as company information and VAT ID
- subscription cancellation and renewal settings
