Smart social media automation for WordPress

Your Social Media Plugin for WordPress

Specializing in WordPress websites, Blog2Social offers you a time-saving and smart solution for your social media automation. Schedule and post your content – blog posts, images, videos, and links from any source – at the best time on over 20 social media networks. Experience the efficiency and flexibility of Blog2Social as a WordPress social media plugin or browser-based web app and revolutionize your social media management.

Try the WordPress Plugin Try the WebApp

✓ test 30 days for free ✓ no automatic subscription ✓ no bank details needed

Share posts on 20+ social media platforms directly through WordPress

Do I need to provide payment details to start the Trial?

No, you do not need to enter any payment details to activate the free trial. It is completely free, with no obligation.

What features are included in the Trial?

Contracting and Licensing

The free trial gives you full access to all Blog2Social Premium features, including:

- Auto-scheduling and customized social media posts
- Cross-posting to multiple social networks
- Social media calendar for better planning
- Team collaboration features
- Access to all supported platforms like Facebook, LinkedIn, Instagram, Threads and more

Here you will find all supported networks and features of the different versions:
