

Connecting Social Networks

How do I disconnect one of my social media accounts?

If you want to delete a connected social media account in your Blog2Social "Networks" overview, you also need to delete your scheduled posts for this network account. You can now tick a checkbox to delete all scheduled posts for this account in one step.

To disconnect a social media account, please go to "**Networks**" in the Blog2Social menu of your WordPress dashboard.

Choose the account you want to disconnect and click on the trash-icon on the right side.
