How to view, edit or delete your scheduled Social Media Posts

With Blog2Social, you can view, edit or delete your scheduled social media posts. Therefore, you can click on

"Social Media Posts" -> "Calendar"

or

"Social Media Posts" -> "Scheduled Posts" -> "Details" -> "Edit" or "Delete"

The screenshot displays the Blog2Social interface. On the left, the 'POST MANAGEMENT' sidebar includes 'Scheduled Posts' which is highlighted with a green box and a green arrow. The main area is titled 'Scheduled Posts' and features several buttons at the top: 'Share WordPress Content', 'Share New Link Post', 'Share New Text Post', 'Share New Image Post', and 'Share New Video Post'. Below these are search and filter options. A list of scheduled posts is shown, with the first post being an Instagram post. The 'edit | delete' links for this post are highlighted with a green arrow. A 'Details' button at the end of the list is also highlighted with a green arrow. The list includes posts for Instagram, Facebook, Twitter, and LinkedIn, each with its respective icon and scheduled time.

If you want to delete all the scheduled posts for one of your blog posts, please go to:

"Social Media Posts" -> "Scheduled Posts" -> "Details"

Now you can see a list of all social media posts planned for this particular blog post. To delete all of them, check the **"select all"** box, then scroll down and click on
